

# BAKER & MCKENZIE

Baker & McKenzie defined the global law firm in the 20th century, and we are redefining it to meet the challenges of the global economy in the 21st. Since 1949, we have advised leading companies from a variety of industries on the legal issues of doing business around the world. We offer clients and talent both the uncompromising commitment to excellence expected of a top firm and a distinctive way of thinking, working and behaving — as a passionately global and genuinely collaborative firm. We seamlessly combine an instinctively global perspective with the nuanced local insights of 4,200 locally qualified lawyers in 76 offices in 47 countries around the world. We call this fluency, and our clients tell us that it is what distinguishes us from other law firms. Our deep local roots, backed by our unparalleled global resources, enables our Texas offices to serve some of the world's largest multinational companies as well as small- and medium-sized companies (public and private) in need of single issue legal advice or multidisciplinary advice in domestic transactions and international expansion projects. We serve a wide range of local, domestic and international companies with business interests in Texas, across the U.S. and in major markets in every region of the world.
