

HOUSTON CHAPTER QUARTERLY PROGRAM

# THE RESPONSIBLE USE OF AI: POLICIES AND ETHICAL CONSIDERATIONS

WEDNESDAY, OCTOBER 14, 2026

---

## George Niño

*Executive Vice President, Legal & Compliance,  
Yokogawa Corporation of America*

George serves as Executive Vice President, Legal & Compliance, for Yokogawa Corporation of America (YCA). YCA's ultimate parent company, Yokogawa Electric Corporation, is listed on the Tokyo Stock Exchange and has more than 17,000 employees operating in 60 countries. Yokogawa delivers advanced measurement, control, and information solutions to customers across a broad range of industries, including energy, chemicals, and aerospace.

George is a frequent speaker on the responsible use of AI and its legal and ethical implications. He has presented at leading forums including MIT, Stanford Law School, and Texas A&M, as well as at an international AI conference in London. He regularly shares insights on LinkedIn and has co-authored papers on AI.

Earlier in his career, George served as an International Law Enforcement Specialist with the U.S. Department of the Treasury and as a Special Assistant United States Attorney with the Department of Justice. He holds degrees from Yale and Stanford Law School.
